COVID-19 PANDEMIC PARISH WEEKLY UPDATE - NO. 26

SO, WHAT'S THE PLAN!? Several bishops have started to lift dispensations regarding church attendance and/or to challenge local governments on what they have discerned to be excessive and destructive restrictions imposed on religious communities (while *not* on other groups or institutions). Others have begun to ease restrictions placed on parish activity. However, all insist that caution should be exercised at all times. All safety protocols continue to be adhered to. (most are common sense and should be followed at any time!... Don't attend church services if you are sick... cover your mouth if you are going to cough or sneeze... respect other people's personal space... wash your hands throughout the day... etc.). But... **we do not want to live in fear.** We want to be careful, but real! The "new normal" is not new, it means renewing normal care that our parents taught us as kids. But doing so, we want to move forward with life... placing our lives in the hands of God, living the life that He called us to live and journeying through this earthly life doing all the good we can until we are called to the next and eternal life...

God bless us all!
